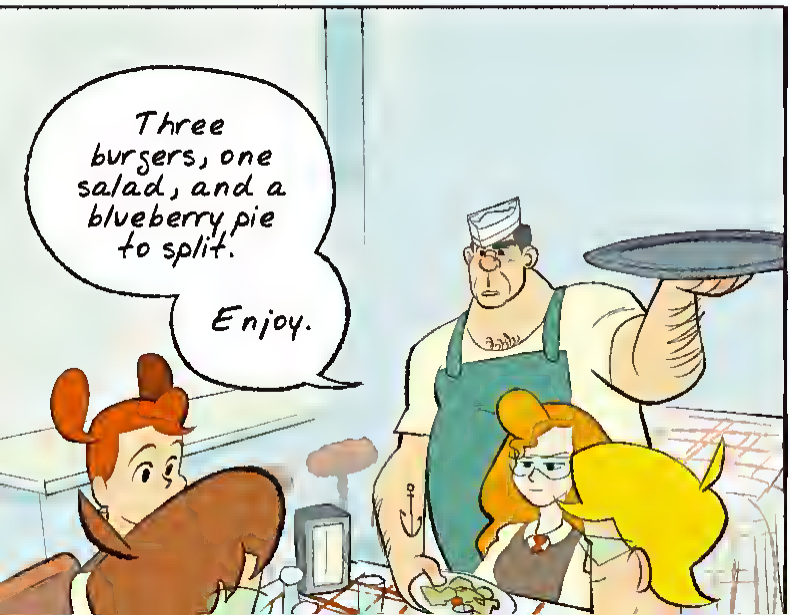
ding!

Zeph!
There you are!
Hi, guys.
I hope you don't mind--
We ordered for you.
Oh. Thank you.

How you doing?

I'm...
...good.

PHOOT!



Three burgers, one salad, and a blueberry pie to split.
Enjoy.

Excuse me, sir.
Is Franky here?

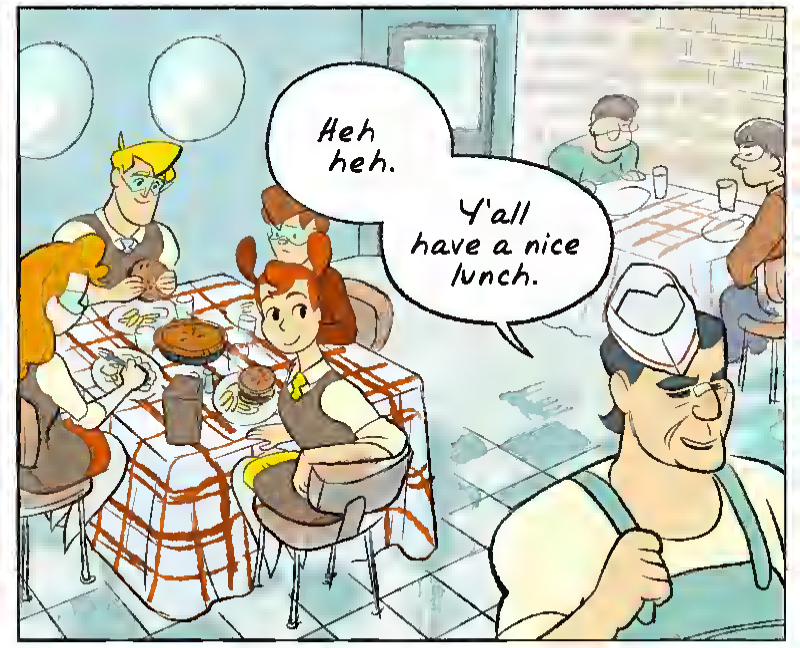
Who?

Uh, I mean, Freddy.
You know, the person this place is named after.

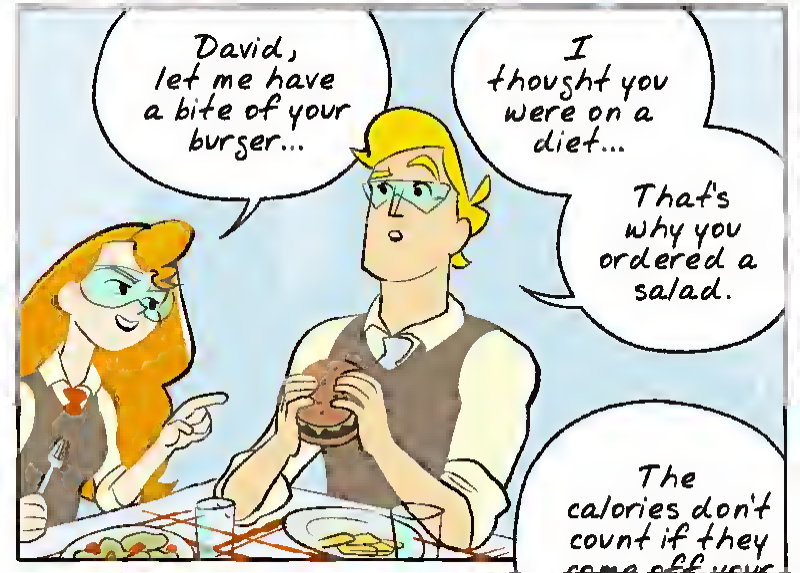
That'd be me,

kid.
You're Freddy?
Yep.
Wow...
Nice to meet you!

Hey, it's nothing special.
I just have my name on a sign, that's all.
Yeah, but it's a NEON sign!

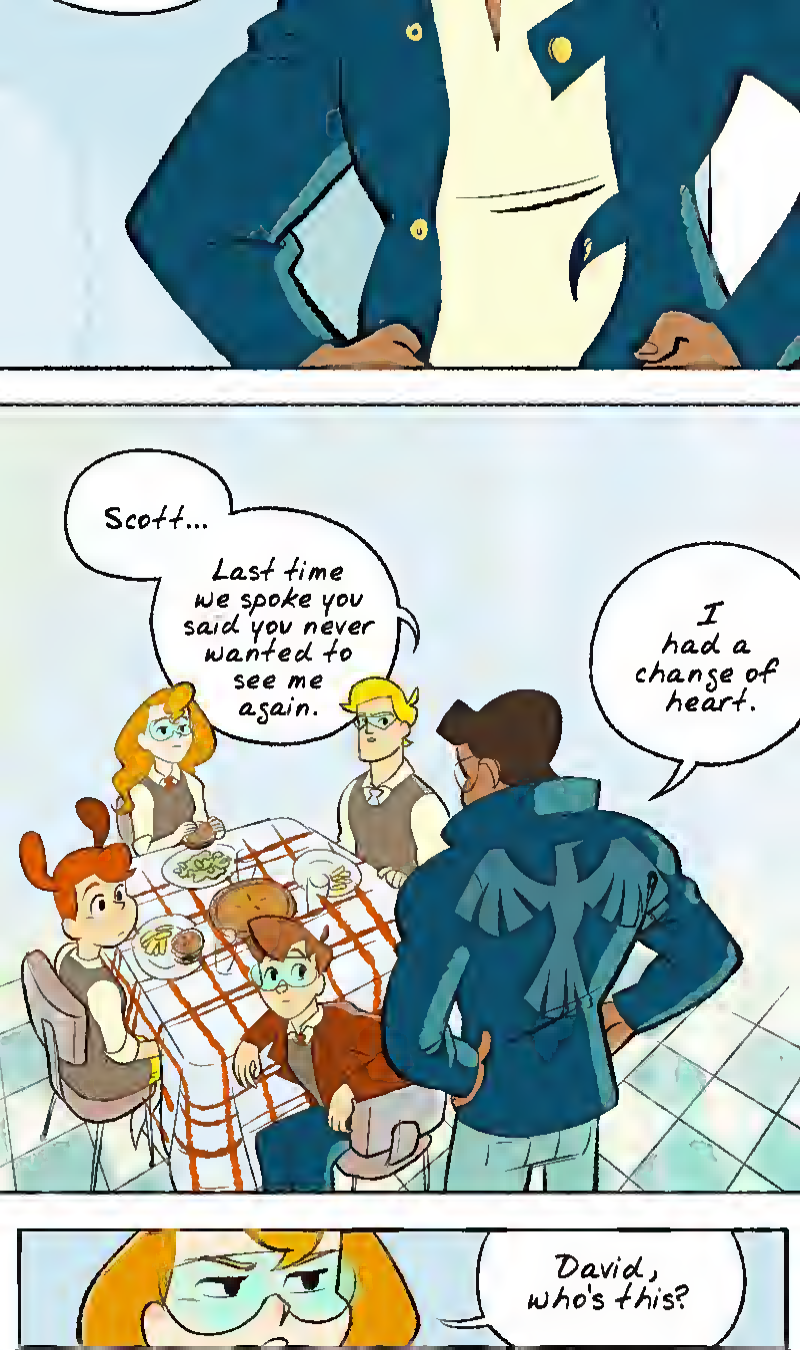


Heh heh.
Y'all have a nice lunch.

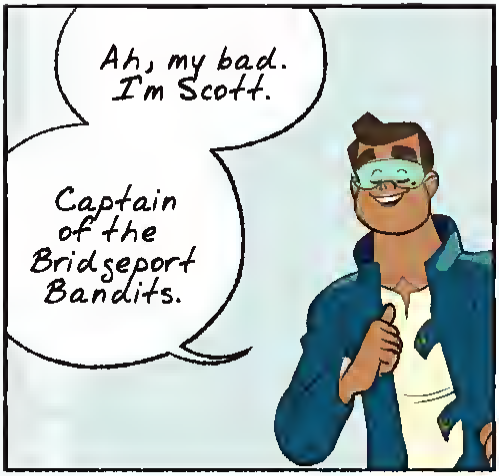


David, let me have a bite of your burger...
I thought you were on a diet...
That's why you ordered a salad.
The calories don't count if they

plate.
Come on, just one bite.
Oh, alright...
Hello, David.
Still taking orders from your lady friend, I see.



Scott...
Last time we spoke you said you never wanted to see me again.
I had a change of heart.
David, who's this?



Ah, my bad. I'm Scott.
Captain of the Bridgeport Bandits.

How do you two know each other?

After I graduated middle school, I got invites from high schools all over Kokomo county to come play football

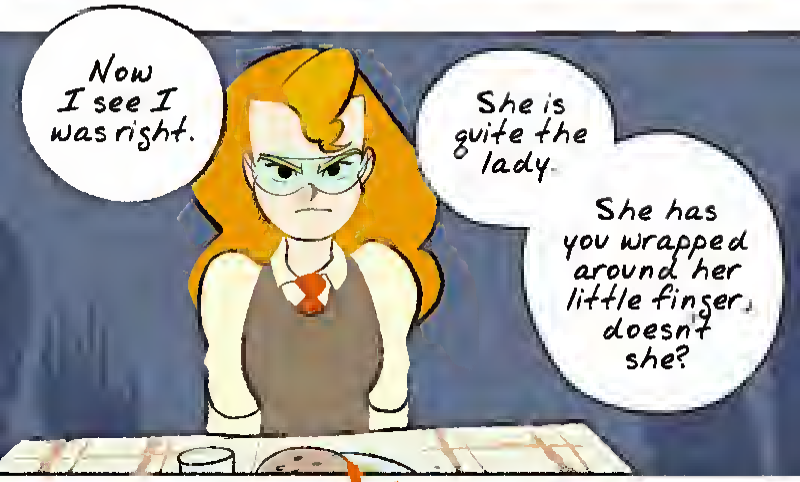
At the time, Scott reached out and offered me a great position on his team.
We needed him.
A lot of our top players had just graduated.
I trained with the Bandits all summer and was set on attending Bridgeport High...
...until I met Cassie.
We fell in

love and she convinced me to go to South Pines instead so I could see her more often.
Aw...
I still feel bad for walking out on the Bandits like that.
I hope you know I'm sorry, Scott.
Whatever. I honestly I don't care.
We're going to murder you at the same next week.

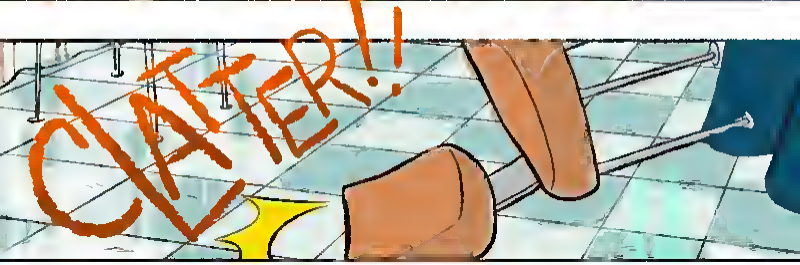
Sigh.
What do you want?

I just wanted to meet the girl who stole you away from us.

I always thought it must have taken quite the lady to convince you to stab us in the back like that.



Now I see I was right.
She is quite the lady.
She has you wrapped around her little finger, doesnt she?



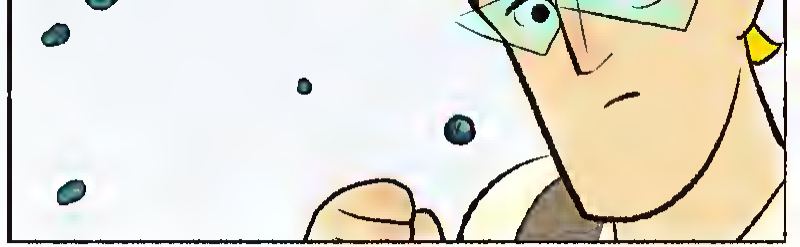
CLATTER!!

You take that back, Scott.
Woah, hit a nerve there...

Calm down, David.
If you hurt him you'll get suspended from the homecoming game.

Yeah, David.
Listen to your girlfriend.
She'll tell you exactly what to do.

SPLAT!

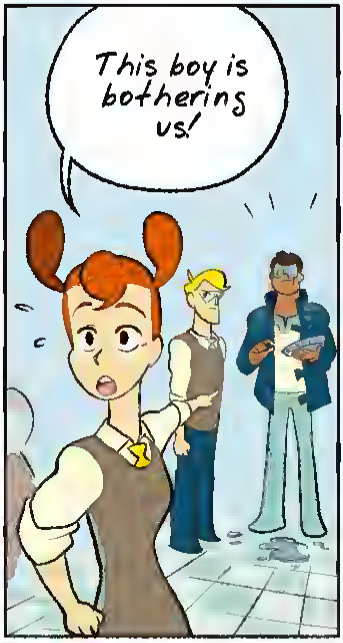


Y--You're not very nice!
Go away!

You little punk!
This jacket cost me two hundred bucks!

Freddy!

Yeah, kid?

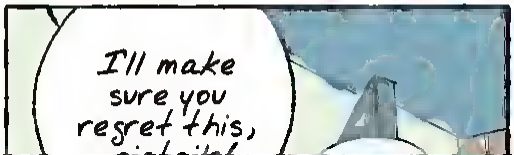


This boy is botherins us!

Is that so?

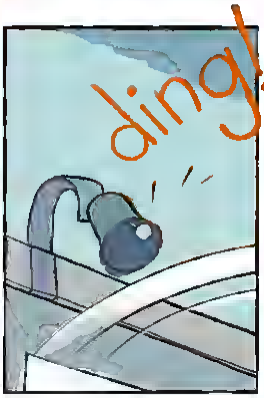
CRACK

She threw a pie at me!
Waste of a good pie.
Come on, now.
Off with you.



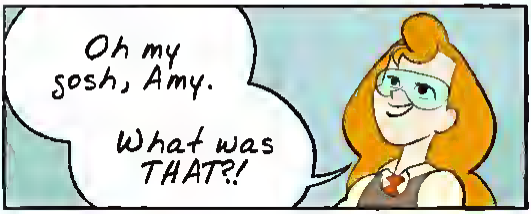
I'll make sure you regret this,

pigtails!



ding!

Phew!



Oh my sosh, Amy.
What was THAT?!

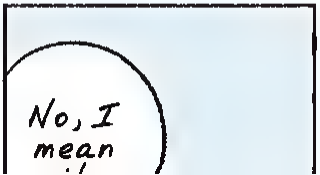
Ha ha.
I didn't know what else to do!

Thanks for stepping in.
I lost

control there for a bit...

That was amazing, Amy.

Are you kidding? I was terrified!



No, I mean

it.
You're an amazing person...

Hey, would you mind meeting me after school today?
There's something I want to ask you.

"What do you think about
her flavor? ^_^ Does it match?
As for Oliver, he's not flavorless.

For the time being he reminds me of a tasteless ice cube, freezing as emptiness. Hopefully he will become vanilla ice-cream one day!"

Tim Bax

"Your characters are either cute or peculiar in their complexity. Can't wait to read more!"

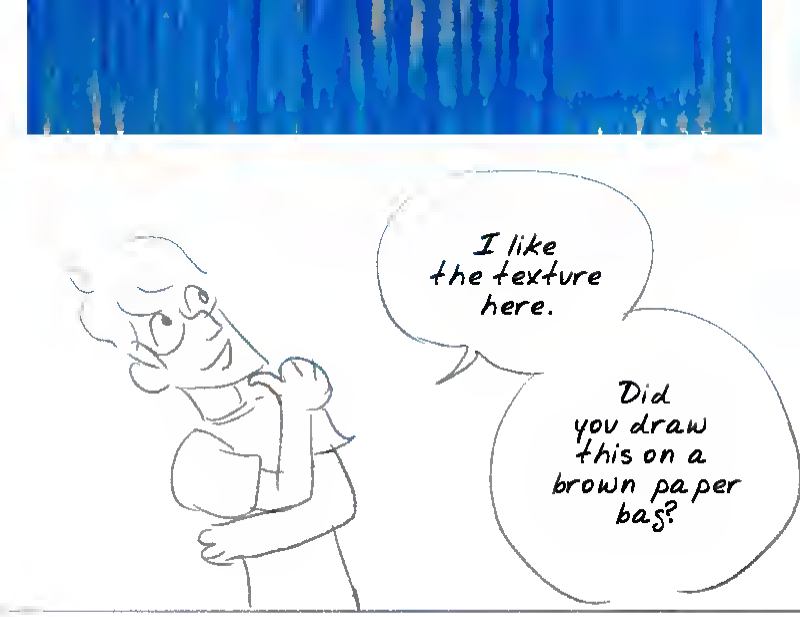
With my eyes, I smell your scent.
A flavor unlike the rest.
It's a taste I love to see...
Won't you, please, show your warmth to me!

Wow, a drawing AND a poem!

Thank you!

Kenyon McConahay

"Thanks for the great comic! I'm loving all of the different characters so far."



Erin Nordmark

"This is Amy as a magical girl/chef. I thought since she sees everyone in flavors it was suitable XD I love this comic, my sisters and I wait all week, and wait all night on Wednesday so we can read it as soon as we

possibly can."

Meg Watkins

"I've really enjoyed the comic since I started it today! For some reason I really like the character Meisha's attitude!"

Paragraph

take care of these guys? Sure, if you join the agriculture club. We're kind of short on members right now and could use some help. Really? I warn you though, it's a lot of work. Hmmm. . Meisha. When I first met her I thought she was too cool for me, but seeing her here makes me think otherwise. She has a flavor like ginger root and honey-- she's strong and unique, but comfortable with herself, and essentially sweet. I'll do it. I'll join. Great. We have a meeting tomorrow at lunch in the library.

They're kind of stinky, aren't they?

It's the poop. Chicken manure m.

This is Amy's description of Meisha's flavor that I wrote for the baby chick episode.

It never actually made it into the comic.

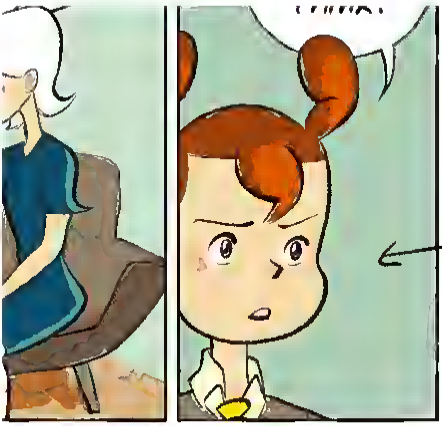
"I just wanted to say that your work and many others' work have inspired me to want to make my own webtoon. But, at the same time, I am not that confident in my artwork and don't think my art will be elisible enough for others to enjoy it..This will be a big hurdle I have to get over."

I totally understand, that is a hard obstacle to get over. My advice is to just keep making stuff!
If you don't keep drawing, you can't get better.

Sometimes I can't even draw my own characters very well. Look at this picture of Amy from the beginning of the series!



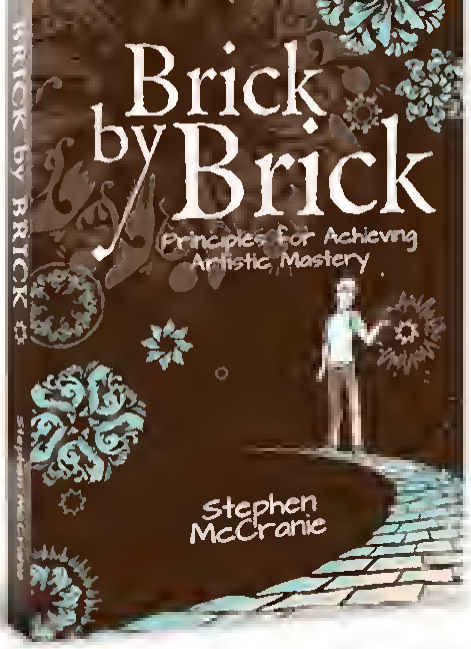
I still cringe when I look at it.

But you know what, sometimes you've got to just click the submit button and try harder on the next episode.

If you try to make it perfect the first time, you will never get started. And if you don't get started, you will never improve!

You've got good artwork Mae! Now go make stuff!

Also, to any other artists out there, I would hardily recommend reading Brick by Brick, a comic book I wrote about how to be an artist.



You can read most of it for FREE on my website:

doodlealley.com

Hope that helps!
See you all next week!
